

Dear Residents, Family and Friends of The Chateau Terraces,

We are excited to inform you that effective 4/25/2022 The Chateau Terraces will be changing pharmacies from Pharmerica Inc. to Broadway LTC. We feel that now more than ever, it is important to support local businesses in our mission to provide premier care. Broadway Prescription and Broadway LTC have serviced the Cape Girardeau region since 1932.

At The Chateau Girardeau, caring for our residents and their safety is one of our top priorities. The demands of healthcare are challenging; however, we believe we have found a pharmacy that provides customized packaging and medication management to keep our residents safe all while improving upon efficient administration of medication. This packaging is known as strip packaging and is safe and efficient whether your loved one is in or out of the community while on leave. This unique packaging is safer than the old bubble card method and as of 2023 the bubble cards will not fit in medication carts for safe storage.

Other services and products offered by Broadway LTC include:

- Routine and dependable delivery to The Chateau
- Pharmacy support services 24 hours a day/ 365 days per year
